

DOBRODOŠLICA

Dame i Gospodo, poštovani Gosti!

Zadovoljstvo mi je i čast, da Vašim prisustvom uveličate našu skromnu svečanost. Kao Izvršni direktor DUNKERMOTOREN d.o.o., želeo bi najpre da pozdravim sve koji su direktno ili indirektno doprineli uspostavljanju i profunkcionisanju ove kompanije i to najpre predstavnike Vlade Republike Srbije, lokalne samouprave, organizacija koji su direktno ili indirektno doprineli realizaciji investicija u R. Srbiji. Početak, kao i većina početaka nije bio lak, upoznavanje Zakonskih propisa, i podzakonskih akata koja sa usklađuju ali nisu u potpunosti u skladu sa regulativama EU su na početku osnivanja društva predstavljali otežavajuće okolnosti. Zašto smo se opredelili za slobodnu zonu? Razlog je prost. Slobodna zona predstavlja niz olakšica na putu ka EU. Proizvodnja je praktično počela sredinom Februara, a rezultati bliski zahtevima i očekivanjima kupaca korisnika dostignuti približno 2 mesece kasnije, što mislim da je svojevrsan uspeh na ovim prostorima. Dužnu zahvalnost moram odati i stručnjacima „matične firme DUNKERMOTOREN GmbH iz Bondorfa, SR. Nemačka koja je zapravo deo svoje tehnologije prepustila nama.

Na kraju da Vam saopštim nekoliko „koznetičkih“ izmena u programu, i koje će se prilagođavati zahtevima i potrebama Vas (naših gostiju). Ne smemo zaboraviti ni naše zaposlene bez kojih ovo svečano otvaranje i rezultati ne bi bitli postignuti.

Želim Vam ugodan boravak u našem gradu i fabrici i da ponesete najlepše uspomene.

The beegening as most of beegenings was not easy, interpreting the Regulations and Bylaws which are in process of confirmation, but particularry not fully in accordance with the EU regulations presented aggravating circumstances of course but the problems are to be sove. Why decision for Free Zone? The reason is simple. The free zone represents a set of simplified activities on the way for EU. The manufacturing was practrically beegening in the middle of February, and results nearly to requests and cuskomers demand are achieved after nearly two month, what we consider as success in this area. Due appreciation i must pay to specialists from the Parent company DUNKERMOTOREN GmbH from Bonndorf, Germany, that transfered a part of the technology. At the end let me announce few „cosmetic“ changes in program, and which will adapt to Yours (our guests) requests and needs. Of course we should not forget our employees without this opening ceremony and achieved results could not be reached. I wish You pleasant visit in our city and company and to take the most beautiful memories.
